

I firmly oppose these new restrictions on the LAW ABIDING citizens of Connecticut.

Instead of bearing down with unconstitutional new restrictions on the good citizens spend more time fighting actual crimes.

These proposed statutes will do nothing more than make honest people into overnight criminals.

Micro stamping is an impossible technology, it cannot be implemented, and is frivolous.

I recently completed a college certificate program in Advanced Gunsmithing, and I have been working towards the goal of opening my own firearms repair shop. The legislation here would have a negative impact on me realizing my goals, and at the same time hurt current repair and sales FFL holders.

I oppose

[H.B. No. 6667](#) AN ACT ADDRESSING GUN VIOLENCE.

[H.B. No. 6816](#) (RAISED) AN ACT CONCERNING MICROSTAMPING-ENABLED PISTOLS, RAISING THE AGE TO PURCHASE AMMUNITION AND RESTRICTING THE SALE AND POSSESSION OF BODY ARMOR.
